#### Good-Bye, Mr. Straw Hat, and a Good BUY for Mr. Buyer

All our Men's, Boys' and Child's Straw Hats must go head first, emigrant rates—**ONE-HALF** and less regular prices, which means that our prices will not be more than **ONE-THIRD** of other stores' regular prices. Customers who have looked and compared have been kind enough to tell us that our prices are from 25c to \$1.00 less for the same quality, make and style of Straw Hats.

#### Now's the Time to Buy Panama Hats

Panamas, **25 per cent discount**—or \$3.75 for the \$5 quality, and \$4.50 for the best or \$6 quality.

Buying a genuine, well-made Panama Hat is like buying diamonds, in that certain staple styles never change. They last for many years, and the price, like the diamond, on account of the scarcity of material, is increasing every year. It is said if it were not for the European war, the prices would be 50 per cent higher this year. We handle only the best quality of Panama and the genuine hand-made, no shaded off colors or imperfect seconds.

There never was such a demand for any single garment in Men's wear as for Palm Beach Suits. They are a seasonable Suit, too—cool, comfortable, good looking, easy to wash, and wear like a "pig's snout." We bought late in the season when the manufacturers were discouraged at the continued unfavorable season, and before the demand began, which came with a rush all at once, consequently it was plain to see that our prices on the identical goods at from \$2.00 to \$4.00 below others' prices, was certainly an unusual opportunity for every man to own one—right now in season—at our great Season-End Sale.

#### Boys' Knee Pants Suits

*Unusual, Unheard of Bargains for Unusual, Unheard of Reasons, especially in sizes 11, 12, 13 and 14*

These are usually much the largest selling sizes, especially in the spring, many being used for Confirmation Suits. On account of some change this year in the ages of the First Communion and the Confirmation Classes, they took more 9, 10 and 11 sizes, or 14 to 17 sizes, besides there was an unheard-of large crop of boys of ages 6 to 9 years—more than double any previous season. So, to clean up our stock of all broken lots and season's ends, we will shear off the profits on all lots. But to even up on our stock of sizes, because of having fully 5 to 1 of sizes 11, 12, 13 and 14 to other sizes, we will close our eyes to loss and cost and cut the prices in
